## **COUNCILMEMBER FRYE & MAYOR SANDERS INSTALL NEW MISSION VALLEY FIRE STATION**

*Frye and Sanders working together to protect Mission Valley*

**San Diego, CA-** Today City Councilmember Donna Frye and Mayor Jerry Sanders oversaw the arrival of a temporary fire station in Mission Valley.

“Installing this temporary fire station until a permanent one can be built will ensure that our firefighters will be able to respond quickly in the case of an emergency or disaster in Mission Valley,” said Frye, “Our firefighters do an excellent job of protecting us and it is our responsibility to provide them with the proper tools to allow them to do their job as efficiently as possible.

Mayor Jerry Sanders stated that, "Mission Valley is one of our city's busiest areas and needs proper fire and emergency protection. Donna is to be congratulated for her tireless work in fighting for the installation of this temporary fire station.”

The temporary station is situated on the west side of Qualcomm Stadium and will be staffed on a full-time basis by the San Diego Fire Department. Frye has worked for years to build a fire station in Mission Valley.

“Mission Valley is home to thousands and a shopping destination for all of San Diego. This temporary fire station is long overdue, but will serve the Mission Valley area until a permanent station is built,” said Frye.

Frye is the Councilmember for the Sixth Council District of the City of San Diego, which includes the communities of Clairemont, Kearny Mesa, Linda Vista, Mission Bay, Mission Valley and Serra Mesa. She has served on the City Council representing District Six since June 2001. She is currently the chair of the City Council’s Natural Resources and Culture committee. Councilmember Frye grew up and lives in the Clairemont area.
